

Air-Powered HYDRAULIC OIL VACUUM

Empties and cleans hydraulic tank in minutes

- Fills and Empties
- Handles dirty oil and sludge with ease.
- Quickly and easily installs on any good 55 gallon drum and lid
- Transfers old oil directly to shippable drum – no double handling
- No electrical hookup – safe for wet areas. Uses standard 80 to 100 psi compressed air.

Also great for spill cleanup

- No oil-drying absorbent needed
- Better than shop vacuums:
 - Vacuums directly to waste-oil drum
 - More reliable – no moving parts
 - Faster
 - No loss of efficiency as drum fills
 - Large capacity
 - Safer – no electricity

- Up to 25' lift
- Instant On/Off (control from air valve)
- Overflow protected by automatic valve
- Stainless steel construction

Hydraulic Oil Vacuum – 2 Way

Includes: Vacuum unit, 10' hose with tapered PVC couplings, PVC tapered drum adapter, extension tubes, crevice tool, skimmer tool, round brush, and squeegee.

PART # 90650 PRICE \$450.00
