

Quick Disconnect CliPlugs™

**Prevent Accidental Disconnections. Improve Safety.
Save Expense and Mess of Draining Hoses.**

DUAL PURPOSE

- Clip end holds socket securely in place.
- Plug end latches into quick-connect socket to prevent drain-out.
- Prevents burns, slippery floors and damaged equipment.

Use plug when disconnecting hoses. No more draining hoses into buckets every time you change a mold.

Use clip when connecting hoses. Prevent quick-disconnect sockets from being knocked off accidentally.

Injection molded from natural-color Acetal.
