

# Rigid Polypropylene GAYLORD COVERS

## Prevent Material Contamination

Four ways better than fabric covers:

- You can remove the cover without dumping dust into the material.
- The corners never flop into the gaylord of material, like fabric covers do.
- Waterproof and Oilproof.
- No elastic to wear out and get brittle – especially in the presence of the chemical liquids and gases found in the molding shop.

**Filtered port keeps shop dust out of your material, while letting make-up air in.**

### SPECIFICATIONS

- 2" Probe Inlet
- 1/4" Thick Polypropylene
- 2-1/2" Automotive Air Filter

| Part #   | Description                                | PRICES   |            |
|----------|--|----------|------------|
|          |  | 1 -9     | 10 or more |
| GC4846   | 48" x 46" x 5-5/8" (inside dimensions)     | \$155.00 | \$139.50   |
